

Rahul Nair

Cloud & DevOps Engineer

PROFESSIONAL SUMMARY

Cloud and DevOps enthusiast experienced in deployment automation, containerization, CI/CD pipelines, and cloud infrastructure.

TECHNICAL SKILLS

- Python, Bash
- AWS
- Docker, Kubernetes
- Jenkins, GitHub Actions
- Linux
- Git, GitHub
- CI/CD
- Terraform

EXPERIENCE

- Cloud Intern — CloudMatrix Technologies | 2025
- Assisted in deploying applications to AWS.
- Created Docker containers for applications.
- Configured CI/CD pipelines using GitHub Actions.

PROJECTS

- Automated Cloud Deployment — Built a CI/CD pipeline for deploying a Python web application and containerized it using Docker.
- Monitoring Dashboard — Created a monitoring solution for application infrastructure with alerts for resource utilization and application failures.

EDUCATION

B.Tech in Information Technology — 2025
